## *Travel and Tourism*

1. Look at the pictures and read the text about travel and tourism, and then answer the questions. ( mirar las imágenes y leer el texto y luego responder las preguntas)

A. Do these people travel?

B. Are they tourists?

2. Read the text again. Match the type of tourism with its definition and an example. ( Leer el texto nuevamente. Unir los diferentes tipos de turismo con sus definiciones y un ejemplo de eso)

People travel for lots of reasons. They make journeys to and from school or work every day; visit friends and family; take day trips shopping or to football matches; go out for evening entertainment such as the cinema; and they go away on business or study trips. So when does travel become tourism? When people travel to and stay in a place which is not where they live. For example there is **recreational tourism** if you want to relax and have fun, maybe at the beach. There's **cultural tourism**: sightseeing or visiting museums to learn about history, art and people's lifestyles. With **adventure tourism** you explore distant places or do extreme activities. **Ecotourism** is about ethical and responsible trips to natural environments such as rainforests. **Winter tourism** is usually holidays in resorts where there is snow and people go skiing or snowboarding. **Sport tourism** is to play or watch different sporting events like the Olympics. **Educational tourism** is to learn something, possibly a foreign language, abroad. Nowadays there is also health tourism to look after your body and mind by visiting places like spa resorts; **religious tourism** to celebrate religious events or visit important religious places such as Mecca for Muslims; and **gap-year tourism** when young people go backpacking or do voluntary work between school and university.

3. Read the text again and underline the correct answer to each question. ( De acuerdo al texto subrayar la respuesta correcta para cada pregunta. Por ejemplo; **People travel .... for different reasons**)
